

## 2-Chlor-1,4-fenylendiamin

Trade Name: 2-Chlor-1,4-fenylendiamin

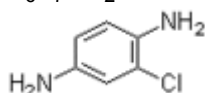

Chemical Name: 2-Chlor-p-fenylendiamin

CAS: 615-66-7

EC: 210-441-2

Molecular Formula:  $C_6H_7ClN_2$

Structural Formula:

Molecular Weight: 142.59

Characteristics: pevná látka

### Storage

Store in original closed containers on a dry and cold place protected from direct weather conditions.

Special demands for type of packaging material: steel, pasteboard, hardened paper.
